

**PE and Sport Premium for
Wood End School**

**Academic Year 2013/14 Annual
Review**

Total amount of funding received in
academic year 2013/14: £8,280

Project	Project Date	Project Cost	Description	Participation	Impact
Employment of Sports Coach	Sept 2013 - July 2014	£5,140	To deliver sports across whole school during breakfast club, lunchtime, treasure time and after-school.	Breakfast Club: 10-15 each week	Wood End School hosts a successful breakfast club every morning. Research strongly suggests that pupils benefit from attending breakfast clubs and prepare them for the school day by having a healthy breakfast and engaging in a healthy activity before lessons start. Employing a sports coach means that one day a week all activities are active.
				Lunchtime Club: 10-15 each week	A varied menu of sport has been delivered by the coach every Friday lunchtime throughout the academic year including speedstacking, table tennis, classroom athletics, javelin.
				Treasure Time: 9-12 each week	A varied menu of activities has been delivered by the coach every Friday afternoon during Treasure Time including football, dodgeball, orienteering, athletics.
				After-school Club: 10-16 each week	Football sessions have been delivered for all year groups after school using the new football equipment purchased. Sessions have had a positive impact on the pupils and it is clear that their skills developed each week. This provision has also prepared them for KS2 by using the correct equipment that will be used at their next school after Yr2.

			To heighten the profile of PE and Sport across school and on yourschoolgames website.	..	Wood End School was one of the first schools across the country to register on the www.yourschoolgames.com website and therefore received an award of trophies, banners, stop watches, bunting and stickers that will be used for our annual sports day on July 18th 2014. Our Sports Day will have a huge impact on our pupils as they will participate in a high quality multi skill circuit to showcase all of the skills they have learned throughout the academic year.
			To develop links with local partners including the School Sport Partnership and to support teams participating in inter-school competition.	whole school	The Sports Coach has helped to strengthen links with MK School Sports Partnership and MK Athletics Club and our school strongly promotes local clubs to our pupils to ensure that pupils engage in sport outside of school too. A handful of pupils in Yr1&2 have been identified as talented and gifted and have been encouraged to join MK Athletics Club. Approx. 10 of our pupils have attended athletics school holiday camps hosted at Stantonbury Campus.
Gymnastics Curriculum teaching for Yr1 & Yr2	Spring Term (12 weeks)	£1,080	MK School Sport Partnership provided a Gymnastics Coach to deliver 2 hours of PE each week throughout the Spring Term (1 hr for Yr1 & 1 hr for Yr2).	58 pupils (Yr1 & Yr2)	The Gymnastics Teacher was a former PE Teacher with many years' experience of delivering KS1 Gymnastics. Our staff worked alongside the Gym Teacher to improve their understanding of Gymnastics and use of small/large apparatus. MKSSP also supplied a valuable resource detailing session plans and resource cards to use in lessons. This has a huge sustainable impact on our school as it has helped to give our staff the skills, confidence and resources required to deliver high quality gymnastics in the future.
	..	£375.93	Correct sized (3)	..	It's essential that pupils are using the correct equipment and the new football

Purchase of Sports Equipment - Footballs & Goalposts			footballs and bag purchased along with new samba goalposts (8' x 6') in accordance with FA regulations for small sided football		equipment is the same as equipment used at local clubs too, which give consistency to pupils and avoids confusion. The balls and goals purchased are aligned to the FA guidance for school football. The equipment has also helped to prepare our Yr2 Football team for a summer term inter-school competition.
Purchase of Sports Equipment - Table Tennis Equipment		£135	Easy to assemble Table Tennis Sets including nets, bats and balls purchased to support extra-curricular clubs. Suitable for all pupils.		Throughout the academic year, every pupil has used the table tennis equipment. An excellent resource to have that can be set up quickly (ideal for wet play & classroom activities). The sets also come with a teacher resource pack, which gives staff a variety of session plans and ideas to use.
Purchase of Sports Equipment - Speedstacking Equipment		£134.98	Great for hand-eye co-ordination & easy to set up. Great for targeting pupils that do not enjoy other 'traditional sports'. Suitable for all pupils.		During Breakfast Clubs and lunchtime clubs, every pupil has used the speed stacking sets, which is hugely popular at schools in USA and is growing across the UK. Another great classroom activity, ideal for wet play too. Over the year, the improvement and speed in hand/eye co-ordination has notably improved and the pupils thoroughly enjoy using the equipment.
Swimming		£1,904	Builds up confidence in the water and swimming ability.	All 28 year 2 children every week for the whole year.	By the end of the year there were 25 in the class. 13 children were in the top group (5 started in that group). 5 were able to swim 25 metres and 8 swam 10 metres. The children in the middle group were almost swimming 5 metres. The lowest group were all confident to get in the pool, put their faces in and move around with floats for support. All the children were able to jump in the water from poolside.
