

Actions we have taken in response to the children's voice.

- The children wanted a pyjamas and teddy day so we organised this for children in need day 2015
- The children wanted a superhero day so now most foundation topics include superheroes.
- The children wanted a dinosaur day so year 2 now has a dinosaur topic.
- The children wanted a swing in the playground so we applied for lottery funding and a birds nest swing will be installed in the autumn of 2016
- The children said lunchtime would be better with a swimming pool, bouncy castle and books. We now have books for lunchtime and we have used the paddling pool for our water play and the bouncy castle at our fete.
- We used the children's ideas to organise our aspirations day and chose the most popular jobs to let them try out. They were vet, teacher, policeman/woman, hairdresser, explorer, doctor and army officer.
- We asked the children for treasure time ideas and included lego, face painting, junk modelling, bikes and trikes, i-pads and puppet making as requested.
